World exclusive snaps of new film!

WORDS: RORY BUCKERIDGE PHOTOS: SPLASH

Lads' holidays abroad by their very nature offer rich comedy pickings. So, add the *Inbetweeners* boys and their crack comedy writing team and this could well be the movie of the year!

These exclusive shots were snapped during filming for the eagerly anticipated flick (out in August) in Magaluf, Majorca.

And if rumours are to be believed, plot twists include Neil getting a dodgy tat, Simon nearly drowning, Jay pulling a lady (in his own words, "A fat pig from outer space!") while being terrorised by a nine-year-old, and Will spending the whole holiday sporting a huge willy, sunburnt onto his back.

NUTS INVESTIGATION!

Ashley Cole shooting test!

We find out what non-lethal weapons don't wound!

WORDS: PETE CASHMORE PHOTOS: COLIN WILLIAMS, NI SYNDICATION, SHUTTERSTOCK

We sometimes give the chaps who come in for work experience at *Nuts* a hard time – in fact, that's exactly what we're doing today – but we can't help thinking that shooting them with a rifle, in the manner of Chelsea and England footballer Ashley Cole, is perhaps going a little bit too far.

So, we decided to test out a variety of non-lethal weapons on our own workies, Alex and Shaun, so that in future, Ashley can learn how to blast away safely, secure in the knowledge that there'll be no blood spilled!

All weapons provided by bloke gift providers firebox.com

1. NERF STAMPEDE ECS BLASTER Oh, yes! Delivers an awesome, high-speed volley of Nerf bullets sure to pepper any intern until he weeps like a girl!

RATING:

3. NERF MAVERICK A classic, foam-rubber firearm that feels heavy in the hand but with only six in the clip, maybe one for mock executions at close quarters.

RATING:

4. CONDIMENT GUN Disappointing. You at least want to be able to reach your target from over three feet away! A gun that needs to "ketchup". Ha-ha!

RATING:

SQUIRTED!

2. SHOT GUN Awesomely satisfying pump-action water blaster that unloads a drowning load in your victim's spluttering face. Take that, aspiring journalist!

RATING:

VERDICT: Nothing nails a human target safely better than a simple custard pie. So, fling away, Ashley – and don't forget the cherry on top!

EGGED!

5. A TRAY OF EGGS Keeping it old-school with nature's hand grenade. Yes, straight out of a chicken's bum, it's a 36-pack of eggs – and eggs bring the pain!

RATING:

6. CUSTARD PIES If you're going to pelt someone, you may as well do it right. Which means custard pies. When it comes to efficiency, there's just no substitute!

The madness of Charlie Sheen!

Amazing nuggets of knowledge straight from the mouth of the bonkers TV star!

"Ashley Cole did *what*?"

He's a world record holder for the fastest person ever to hit one million Twitter followers, he's the biggest-earning TV star in the world and now Charlie Sheen's made it back into *Nuts* as our favourite new nutter. Check out these pearls of wisdom spouted during an incredible set of interviews last week!

"I'm not bi-polar, I'm bi-winning. I win here and I win there. Now what?"

"You borrow my brain for five seconds, and you'll be like, 'Dude! I can't handle it. Unplug this b*stard!'"

"My brain fires in a way that's maybe not in this particular terrestrial realm."

"Last time I took drugs, I probably took more than anyone could survive. I was banging seven gram rocks and finishing them, because that's how I roll!"

"I survived [the drug-taking] because I'm me. I'm different. I have a different constitution. I have a different brain. I have a different heart. I've got tiger blood, man!"

"What I'm harnessing now is absolute focus. It's exciting. I've answered to a higher calling and it happened in a blink of an eye. I'm totally excited by it!"

"I won't relapse because I'm not going to. Period. The end. I blinked and I cured my brain. Everyone has the power."

"I love to party. What's not to love? Especially when you see how I party. It was epic. The run I was on made Sinatra, Flynn, Jagger, Richards – all of them – just look like droopy-eyed, armless children."

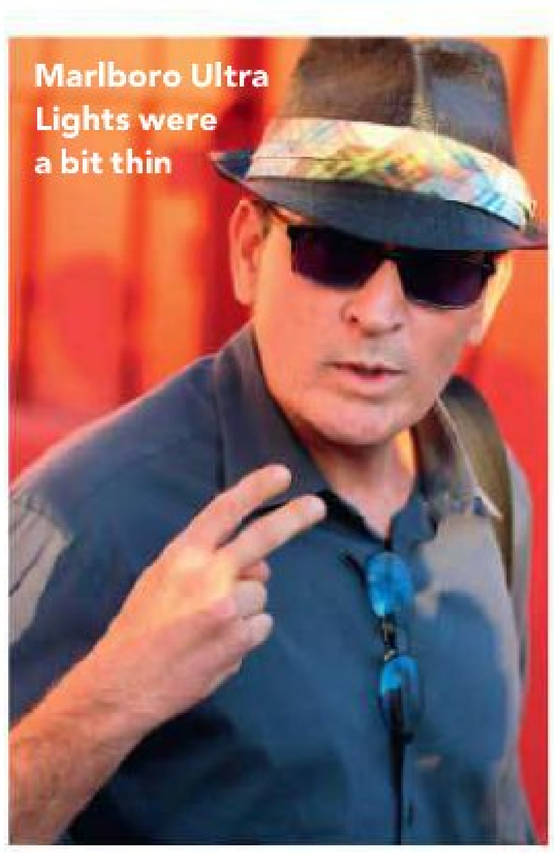

"My path is now clear. Defeat is not an option!"

"I'm proud of what I created. It was radical. Why wouldn't I be? I exposed people to magic. I exposed them to something they're never otherwise going to see in their boring, normal lives. And I gave that to them. I may forget about them tomorrow, but they'll live with that memory for the rest of their lives. And that's a gift, man!"

"I have defeated this earthworm [TV producer Chuck Lorre] with my words – imagine what I would have done with my fire-breathing fists!"

"People say you've got to work through your resentments. No! I'm going to hang on to them, and they're going to fuel my attack, and they're going to fuel the battle cry of my deadly and dangerous secret and silent soldiers. They're all around you!"

"I have one speed and one gear – go!"

Marlboro Ultra Lights were a bit thin

"I am on a drug. It's called Charlie Sheen. It's not available because if you try it, you will die. Your face will melt off and your children will weep over your exploded body."

"I'm tired of pretending that I'm not special. I'm tired of pretending like I'm not bitching, a total fricking rock star from Mars. And people can't figure me out, they can't process me. I don't expect them to. You can't process me with a normal brain."

iPad 2 revealed!

Welcome to messiah tablet, the sequel!

Apple unveiled the second generation of its tablet PC last week. The iPad 2's faster, thinner, better specced and lighter than its brother. And costs the same (most likely £399 to £579 depending on storage and 3G inside). It'll hit stores on 25 March.

IT'S GOT CAMERAS!
For video-conferencing and taking pictures of stuff, the iPad now has cameras on both the front and back.

NEW OPERATING SYSTEM
Apple geeks have tweaked the OS to wirelessly stream music and vids and use your 3G iPhone as a Wi-Fi hotspot.

IT'S FASTER
Apple have swapped the "A4" chip for the "A5", crunching at twice the speed and up to nine times the graphic output.

NEW STUFF!
This new case sticks to the tablet with magnets, starts up the iPad on opening. And the inside cleans the iPad screen!

IT'S TEENIER!
Thinner than an iPhone 4, this tablet's 33 per cent thinner and 15 per cent lighter than its predecessor. Impressive!

IT'S IN A NEW COLOUR!
iPads were previously available in any colour, as long as it was black. The iPad 2 adds a sleek, white option to the mix.

Nuts! NEW COLUMN!

JIM JEFFERIES! GOES NUTS!

Warning: highly likely to cause offence!

No man for Anne

It turns out Anne Robinson, at 66, has decided to give up on men and won't get married again. I'd like to speak on behalf of men the world over and say, "You know what? We're alright with that!" Christ! It's not like she'd have any takers, is it? She's also presumably not going to be ovulating any more, either, and so, on behalf of the entire human race, I'd just like to say, "Hey, Anne, we're alright with that as well!"

Silvio's silver service

Did you see President Berlusconi of Italy apparently likes watching lesbian sex shows in his house with strippers? I'm not convinced they're real lesbians, though! It's like when you watch lesbian porn – they're just too hot to be real lesbians. If you were watching an actual lesbian sex show, it would just be two big girls in plaid shirts punching each other in the head. And they're Italian! Imagine two unwaxed Italian girls going at it – they'd stick together like Velcro!

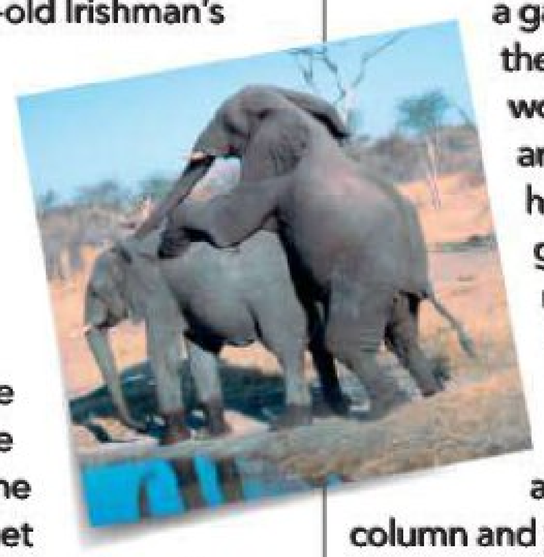

Pony and trap

There's a town in Wales – Bridgend, I believe it's called – where gypsies have gone and left behind 250 wild horses. The locals are very upset – particularly the women, who are distraught that they're no longer the best-looking creatures in the town. To all the Welsh women reading this – don't worry, I'm only joking. Some of you have lovely manes!

Heffalump hump

I was reading about an aroused male elephant that flipped over a 66-year-old Irishman's car in a South African nature reserve and tried to have sex with the vehicle. Apparently, the poor guy inside didn't know if he was going to get crushed to death or drown!

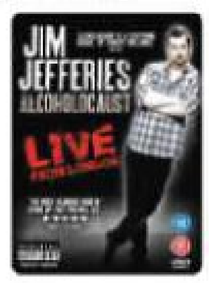

Cole in a hole

That Ashley Cole story's mad! He shoots an intern at Chelsea in the stomach with an air rifle while he's at training. Still, it makes a change from all those rumours he's denied about what he's supposed to shoot at men. There's definitely no truth either in the rumour that his manager tried to ring him to tell him he was in hot water over it, but Ashley couldn't hear him because of where he'd stuck his phone!

Ruff treatment

Can you believe this? A teacher in the USA got arrested because he placed an ad on a website asking for dogs he could f**k. Why does it matter that he's a teacher? Would he be less of a f**kin' pervert if he wasn't? "Dog-f**king? Oh, it's OK, he's a gardener, that's what they do!" Teachers work six hours a day and get 12 weeks of holiday – clearly, the guy just had way too much time on his hands! How do I know? Because all I do is four gigs a week and this column and you really f**king don't want to know what I get up to!

'My thumb was hanging off!'

Cyclist battles car – and comes off second best!

If Don't Look! is any indicator of the future, 2011's going to be a pretty bad year for cyclists. The latest two-wheeled wound happened to Ollie Harris, a student from Halwell in Devon, whose thumb was left in a worse state than Arsenal's current back four!

"I was cycling home from my mate's house when a car cut across me, sending me flying," Ollie, 18, tells *Nuts*. "The brake trapped my thumb against the handlebar of my bike and smashed clean through. My thumb was hanging off, and blood was pouring everywhere!

"Luckily, it didn't hurt that much as I didn't have any feeling in my hand at that point anyway. I went straight to hospital where they put my thumb back together but I still haven't got full use of it, which is annoying as I'm really into art and I can't even hold a pencil!"

He went to extreme lengths to cure his nose-picking habit

'Right... anyone hungry?'

Massive shark becomes tasty dinner option!

FOUR TONNES!

Whatever the result of this remarkable catch, it's fair to say they didn't throw it back in for being too small!

This seven-metre-long, four-tonne whale shark showed up in a fisherman's nets in Taizhou, China, last week, having got tangled up and suffocated, leaving fishermen with the tricky task of crane-winching it onto the pier and then having to decide what to do with the gargantuan dead blighter.

We'd stick our head in its gob and shout, "Argh! It's got me!" – but we're childish like that.

CARS SPECIAL!

RICHARD HAMMOND

The *Top Gear* star on apps, insulting van drivers and his midlife crisis!

Hi Richard! You're presenting the Appy Awards soon for the best smartphone apps of the year. What's it all about? Well, people can vote for their fave app by going to carphonewarehouse.com/theappys, which is the name of the awards. It's like the Oscars, but for apps.

What's your favourite app? Oddly enough, it's the time-wasting ones I love the most, like *Angry Birds* and *Flight Control*. There are a lot of different categories in the awards and on the utilities ones, I sort of use them for my hobbies. I need to know about the weather, so I have various weather ones I use to monitor that. Isn't that exciting?

Not really. Talking of awards, where's your latest *Nuts* award? It's got pride of place next to ones like the trophy Ann Summers once sent me. I can't remember what it was for, but it was rude. Yours is next to that. It goes Emmys, Baftas, *Nuts*! Ha-ha!

You've been in *Nuts* loads now, so do you just want a job? Yeah, I may as well! We like it, though. You guys seem to like us – we don't find many places that like us!

If you could only ride bikes or drive cars, what would you pick? I honestly don't know. I've ridden bikes longer than cars but that's just because when I was five, I worked out how many days it was until I could drive a car and realised it was 365 days fewer until I could ride a bike. If I *had* to choose, it'd probably be cars.

What's with the hair? It goes from long to short and long again quite often... Doesn't it? I've finished my midlife crisis now! My hair was down to my elbows as a teenager and a 22-year-old, and then I grew up and had it cut short. I got to 39 and thought, "Bloody hell, I'm old! I'd better grow my hair to make sure no one finds me attractive ever again!" and it worked!

When was the last time you were stopped at some traffic lights and someone challenged you to a race? It does happen! It depends on the car I'm driving. If it's a Lambo, then always. And it's always someone in a Corsa! I just back off. The best thing is making it look like you're trying to win and let them get past. Then in a cloud of diesel smoke, they get past and are like, "Yes! I just beat a Lamborghini!" And you're like, "Sure you did. Well done, you!" I can't afford the points on my licence. I'd lose my job!

If you got 12 points on your licence, would you not be able to do the show? Yeah! My licence is like everybody else's, it's vulnerable to that, so I'd lose my job and be ruined! We can't speed on the roads. I'm lucky, I get to drive around a track so I don't need to drive fast on roads because I've got it out of my system.

Where's the weirdest place you've been recognised? Er, definitely Nazareth!

Was this in your long hair period? Did they mistake you for Jesus? Ha-ha! No! People were queuing from four in the morning outside the hotel we were in just to say hello to us. It was insane! So that was odd. And in Iraq. It's weird getting recognised in Iraq. We really get it a lot!

Do people shout stuff at you in the street? Well, I ride a bicycle around a lot when I'm in London, so I get, "I bet Jeremy's got a Ferrari!" a lot. Sometimes, people recognise you and don't know what to say. One bloke on a bridge clocked who I was and was clearly thinking, "I've got to say something!" but couldn't think what. As he got closer, he looked me in the eye and said, "I love you!" Ha-ha!

What makes you angry? Van drivers saying, "You really are short!" so I go, "Yeah, and you're fat. I can't do anything about being short but you could just put the pie down!"

Ha-ha! Thanks, Richard. Finally, when was the last time you were really embarrassed? I'm always making a t*t out of myself. I was in a petrol station once and I was just coming back to my Mustang after paying for my fuel when this guy said, "Can I have a picture?" I said, "Go on, then," and leaned on the car, and he said. "Sorry, you're in the way!" ■

Stars And Their Cars!

CARS SPECIAL!

Spurs' Benoit Assou-Ekotto kicks off our exclusive new feature

Welcome, gents, to the first in an ace new series looking at the country's top stars and their cool cars. Over the coming weeks, we'll be looking at mad motors, incredible interiors and cool customisations! First up, it's Spurs and Cameroon defender Benoit Assou-Ekotto.

MERCEDES SLS AMG GULLWING

"I bought this car just to make money. I could drive this for a year and it'd still hold the same value. I've only ever driven this car once, and I crashed it when I did! The doors are very cool and different from the others. I haven't customised this, either. This Merc and my Smart Car are automatics, the others are manual. I'm a lazy driver! I'd love to get one of the old SLCs, the 1968 300SL with gullwing doors. It's a very expensive car, though. Maybe if I win the Champions League, I can treat myself!"

INTERVIEW RICH JENKINS
PHOTOS FUNPHOTOS, BACKPAGE IMAGES

FORD MUSTANG SHELBY GT500 KR CALIFORNIA

"I've had this for around six months. It was imported from the USA and I wouldn't change it in any way because I'm planning on keeping it for 25 or 30 years. I haven't customised it at all. I think it's perfect the way it is. It's only driven six miles! I'd like to drive it, but six miles is a good low number. You'll recognise the car from *Gone In 60 Seconds*, where they named it Eleanor. I bought this car as a bit of an investment because it could be worth around £1million in 30 years time. My favourite thing about it is the sound – it's the loudest thing I've ever heard!"

FORD MUSTANG SHELBY 302E

"This white Mustang may look similar to the GT500, but it's not. The GT500 has a 351 big block, pushing out 400bhp, and this is only pushing out 320bhp. I have six Mustangs in total. The one I actually drive from day-to-day is customised – we changed the wheels and suspension, and made it stiffer. I usually drive a Smart Car around because it's so much easier to park! My team-mates think my cars are cool and ask where they can get one, but I try to put them off by saying the insurance is too much. This is how the car came – it's a coincidence it looks like the Spurs home kit!"

1972 DODGE CHALLENGER 340RT

"This is my Challenger. I saw this car in a lot of films when I was younger and fell in love with it. It's in the original colour, which I don't like so much but I tried to keep it as original as possible. How fast does it go? I don't know! In 30 years, it'll hopefully be worth over £100,000. This is a standard US muscle car, from the '70s craze of using the biggest possible engines. They weren't worried about cornering, it was all about straight lines. The heaviest car I've ever driven was also the worst – an Audi Q7!" ■

HOLLY PEERS' BIG BOOB BONANZA!

Big bosoms and no bras!

It's no secret that we really like big boobs here at *Nuts*, and we've got a sneaking suspicion that you lot do as well! So, we thought it was about time we did something to celebrate the bigger bosom. To that end, we asked the lovely Holly Peers to round up some of her loveliest, boobiest mates and get them together for a shoot brimming with big, bouncy, beautiful boobs! ➡

FloraKage.com

HOLLY!

Hi Holly! You're looking very nice today... Thank you! I'm doing Zumba classes. It's the new craze! It's a lot of hip and bum-shaking. It's very good!

Are you feeling sexy today? I am. I like doing shoots where there's a lot of covered options because I think it's sexier than being topless all the time!

There's a new mix of girls today. Who do you think you look best with? Kelly Hall, because I think we have a similar look with our hair and skin tone. I think Kelly and I shoot nice doubles together. I also love working with Sophie Howard because she's mental on shoots!

You look very tanned. Been away? It's out of the bottle. I'm going to Tenerife on Monday for three days though, so I'm getting prepared for that.

Do you sunbathe topless? I've got to go topless, otherwise it doesn't look great. Having tan lines is unattractive. Actually, tan lines on the bottom is quite sexy – just not on the boobs!

What's your favourite kind of underwear? It's the same as ever! I like balcony bras to give a proper cleavage, and French knickers to show off my bum!

What's your favourite song to listen to when you're getting it on? I don't listen to music when I'm getting it on! I'm not silent – I'm a very vocal person in that way, but I wouldn't put music on.

Has being vocal in bed ever got you caught? Probably! If you're at someone's house and their parents are in, they're not going to say to you the next day, "Keep it down next time!"

Good to know! Can you make a cake? I can make panna cotta. It's not a cake, actually – it's an Italian pudding with cream, vanilla and gelatin. It's not that hard to make, but it's the only thing I can do!

Thanks, Holly! Where are your top three places for rudeness? I just like a couch or chair. The kitchen surface is a good height as well. So I'd say bed, sofa and kitchen for my top three! ➡

INTERVIEW: RICH JENKINS PHOTOS: ZOE MCCONNELL STYLING: SPECIAL K HAIR & MAKE-UP: JOHANNA DALEMO CLOTHES: WITH THANKS TO PRIMARK

"I'm very vocal in the bedroom!"

MELISSA!

Hi Melissa! We've not seen you for ages! Is it good to be back doing shoots with other sexy babes? Yes! I've met Rhian and Holly before but I hadn't met either Sophie or Kelly. Sophie seems really nice and her boobs are just huge! I can't wait to get my hands on them and be her very own hand bra!

If you had to have a smooch with one of these ladies, who would you pick? It'd be either Sophie or Kelly, because they've got the biggest lips. They look like they'd be good kissers!

We can't help but notice your tongue piercing... It's a love heart. I had it done years ago but I only bought this latest tongue bar a few days ago. It's cool, isn't it? The trouble is, I always have to go to another town to get my tongue bars because my town is so rubbish – there are no shops where I live!

Why did you get it pierced? I got in done on my lunch break at school. I wasn't even 16 at the time and it really hurt. My tongue turned massive and looked so fat for a while, but it's alright now! I really like it!

Do you find it helps in the bedroom? Well, I don't know because I had it done such a long time ago, so it's never been any different for me. But I can imagine it helps – I've certainly never had any complaints!

What kind of stuff do you like to do on a night out? I like going out drinking with the girls, preferably in London though because where I live is a bit of a crappy town. They play the sh*ttest music there, as though it's back in the '80s. I prefer house music!

Any interesting hobbies? I go to the gym a few days a week. I also like to go swimming. I'm always running after my dog, too! He's a chug – a cross between a Chihuahua and a pug!

What's the weirdest job you've had to do? I've been quite lucky, I haven't had to do much weird stuff. I've been alright – just getting my boobs out, which I'm more than happy with!

When was the last time you were disappointed by something? I was really ill on my birthday. I managed to get to my mum's and get my presents, then I came home and went back to bed. I didn't even make it out on the night!

What kind of guy do you go for? Tall, dark hair, medium build and who makes me laugh! As long as he has a sense of humour, makes me laugh and says random things that make me smile, he'll be good.

What turns you on and what turns you off? Crappy boxers – when they're baggy, like dad ones. I like men who wear briefs. They shouldn't be baggy like the ones from Asda. They should buy tight Calvin Klein ones!

What's the one bedroom-based thing you'd never do? Have sex while my dog is in the bedroom, because once before, I forgot he was in the room and he jumped on the bed and started staring at my face! I was like, "Get out!" Ha-ha! ➡

SOPHIE!

Hi Sophie! Who's Ed Miliband? Isn't he the leader of the Labour party? There are two, aren't there? Ed and his brother [David], and his brother's fit! Totally hot! He's got a lovely face. It's a bit like Roberto Mancini and Jose Mourinho!

What would happen if he got you locked in his office? We'd probably just have a cup of tea. Kidding! I'd wear my mac and underneath it I'd have a strap-on dildo, so as I opened the mac it'd ping up and hit him in the face. Then I'd slap it around his cheeks while singing *Things Can Only Get Better* by D:Ream.

That's the sort of answer we were looking for! What's your favourite Disney movie? I'm dressing up as Ursula from *The Little Mermaid* for my birthday party! I'm making tentacles out of fabric. Liverpool are playing on my actual birthday, so I binned off my family who were going to take me out for sushi.

Why aren't you going to dress as Ariel instead? Well, she's a bit of a nonentity, isn't she? Plus she's got a tail. She's got no vagina, for f**k's sake!

We didn't know you were such a big Liverpool fan, either. I haven't been for that long. I've met a couple of the players, like Gerrard and Carragher, though, and they were lovely.

What was the last film you saw? I think it was *The Exorcism of Emily Rose*. I nearly sh*t myself and ended up crying in bed with my dog next to me!

What's your car at the moment? A Peugeot 206! It's a sh*theap. Last time I took it into the garage, my mechanic said my clunge needs working on. Either he had a speech impediment or he's a really good gynaecologist as well as a mechanic!

Interesting! Is the 206 good for having sex in the back of? No. Inside it's full of bottles, leftover food, clothes and empty cigarette packets! ➡

RHIAN!

Hi Rhian! Beer or cider? Cider! It's loopy juice! One pint of Magners and I'm under. One more glass and I'm anyone's! Ha-ha!
That's something to remember! Where's the best place you've ever been? Ever? I want to say Ibiza. There are always hot girls and guys. I occasionally DJ and then leave when it gets empty!
What's your favourite takeaway? Chinese. I've got a craving for seaweed. Pineapple fried rice is really good! Have you ever had it? Don't look like that, just because it's fruit! I reckon you'd like it!
If you say so! What was the last rude dream you had? I had a rude sex dream after the Brit Awards after seeing Rihanna. A bit of girl-on-girl action! She had a big dress and red hair. She looked very fit. She did in my dream, anyway!

What do you think about one-night stands? I'm not against them but I've never had one, although I'd like to try it one day. I just haven't found the right person to spend one night with!
What would be the best way for a bloke to start? Buy me two pints of cider! Ha-ha!
Snakes or sharks? Sharks. Actually, I'm going to South Africa in April to do a great white shark dive. I'm also going to try sitting on a crocodile, wing-walking and skydiving, all for testicular cancer.
What would you do if the cage breaks and you come face to face with a shark? I'd punch it on the nose. See, I know what I'm doing! It takes more than a shark to scare me. I'm more worried about sitting on the crocodile. It'll have its mouth strapped up. At least, I hope it does, anyway!
Thanks, Rhian! You look very sexy today – what's your favourite kind of underwear? French knickers, but not thongs – I haven't got the bum for them! Get a thong on someone like Sophie and you're away, but they're not for me! ➡

KELLY!

Hi Kelly! How was your recent trip to Las Vegas? Awesome! We raised something like £15,000 for charity, but boobs offend Americans, don't they? We were bringing the boobs to America!
When was the last time you got really drunk? Monday. We went out in Shrewsbury. I got off my face, and now I've got a cold!
Are you enjoying the shoot with the other girls? It's the best job in the world, isn't it? Getting my boobs out and getting paid for it!
Whose boobs are the best, after yours? That's tough. It's got to be Sophie's. They seem to get bigger but stay perky!
You were Page 3 Idol for two years running – now Lacey Banghard's taken over. Are you glad to pass the torch to her? It's ridiculous how big her boobs are. I've not met her. I think we should just boob hug when we meet – give them a shake!

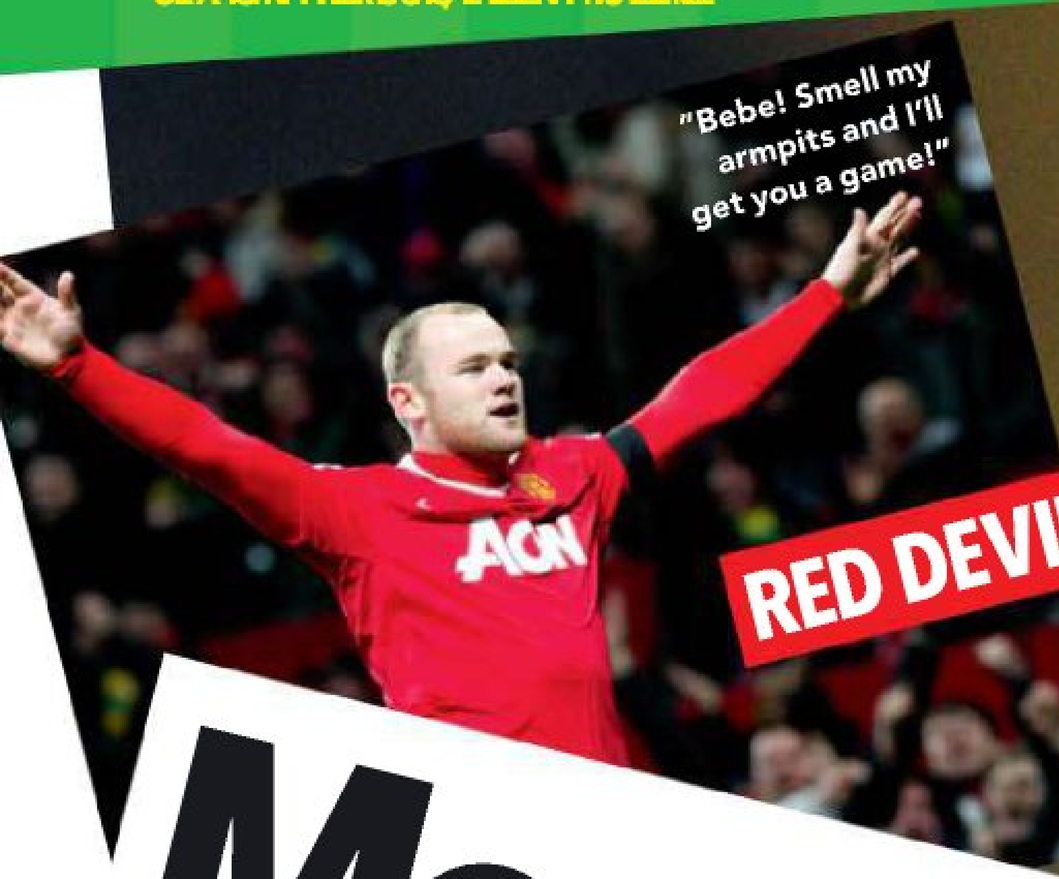

If you could, what would you change your name to? Sinbad. Joking! Well, I don't want to change my name but if I had to, I'd want it to be ridiculous. So, maybe I *would* pick Sinbad!
Where's the strangest place you've got your boobs out? Stacey Massey and I got our boobs out in the *Nuts* building and stuck them to the window!
What was the last thing you saw that really scared you? I don't get scared – I'm tough! There was actually a tramp sitting next to me on the train yesterday and he stunk! I wanted to cry!
Right. If you could buy *Nuts* a present with £10, what would you get us? My calendar. The front page is the b*llocks because I'm totally naked on it!
Do you have any superstitions? I can't walk over three drains and I can't have the radio on number 13. Just those two!
What was the last naughty thought you had? It was having sex on the beach in the Maldives. Everyone needs a bit of sunshine and sex in their lives! ■

Man Utd vs Arsenal

Two midfield stars chat to Nuts ahead of this weekend's Cup showdown!

Giggs: "I'm a terrible loser!"

Hi Ryan! Blimey, it's been one heck of a season so far. Any predictions as to how it'll pan out for you in the league and the cup competitions? I've been in this game long enough to know you shouldn't make predictions – they'll just come back to bite you on the backside! The best sides generally win things but at the same time, you need a bit of luck on your side sometimes. Still, the best sides do seem to be the luckiest, so if that means we win trophies, I'll happily take that!

Some say United haven't been the force of old. What do you reckon? I hear this all the time but from my perspective, it's a really exciting time for the club. We're in the hunt for honours and we're bringing through some exciting young players. The future's bright, and I'm pleased I'm still around to enjoy this special time.

Wayne Rooney's had some stick this season. Yeah, it comes with football. One minute you're a hero, the next you're a villain. The trick's not to pay too much notice either way. Wayne's had some injury problems but no one needs me to tell them what a quality player he is and how unselfish he is for the team!

What about you? Everyone loves you, it seems! It's nice when people say nice things about you – I guess a lot of it comes with playing for such a high-profile club for a long time. I can honestly say I'm enjoying things as much as I ever have. To have the opportunity to play for a club like United for over 20 years is a massive privilege. Footballers are lucky, anyway, but I'm luckier than most.

What keeps you going? The club, my team-mates, the attitude we have to win things. And above anything else, I just love what I do, honestly. To be paid to play football is every young lad's dream, so to do it at the top level with United is incredible. And I hate losing. I'm a terrible loser so there's still plenty of fire in my belly yet!

Thanks for the chat, Ryan! Finally, if you win the FA Cup, the Premier League and the Champions League, do you think you'll be tempted to hang up your boots? The important thing is United winning things. As for me, I think I'll know when it's time, when I can't contribute to the team in the way I want to. At the moment, I'm enjoying myself and I like to think I'm still adding something, so I'm not at the end of the line just yet!

"Laurel, Hardy, you two OK to play centre backs, yeah?"

Fabregas: "Wilshere's the future!"

Hi Cesc! Let's start with the million dollar question – does six years without a trophy count as a massive black mark against Arsenal? Our fans want us to win, this is simple. The players want to win also. So too the manager. It's always true that Arsenal's a special place where everyone pulls together for the same goals.

So you're not bothered by people who say you're just a good footballing team? We have a desire to lift trophies, yes, but at the same time, we're building an incredible football club based on a sound football philosophy. I don't think it'll be long before we see the rewards of so many years' hard work.

OK, but is it time for Arsenal to stop being the team full of potential and to start delivering the goods? Yes, this is true.

So what do you need for that to happen? We need to keep building and bringing in new players who can fulfil everyone's dreams. There's no pressure here because of not winning trophies, only a determination. Remember, we're challenging every season. Pressure's only in the mind, anyway. It's not real.

Speaking of pressure, Jack Wilshere seems to love it. Jack's an incredible player – for one so young, he shows great maturity and understanding. I'm sure he will be the future of Arsenal and England, without question. He's one of the best talents in Europe.

Pundits think he'll be your long-term successor, especially if the rumours linking you to Barca turn out to be true. As I say, Jack has an important future here. As for myself, why must there always be speculation about me? Every season, it's the same, and I say the same things!

So you're a one-club man? I love Arsenal and I'm grateful for the opportunities I've been given. To be captain is a special honour. I don't have to prove my loyalty!

Thanks, Cesc! Finally, you're still in the hunt for the FA Cup. How much would lifting the trophy at Wembley mean to you? It'd be fantastic! The FA Cup means so much to everyone, even the foreign players who haven't grown up with it. There's great history surrounding the Cup but we must approach it like every other tournament – it's a trophy for us to win. This team's hungry and determined to win the Cup, of this there's no doubt!

KAMMY!

ONLY IN Nuts!

He's the voice of the fans – and he's only in *Nuts*!

"Actually, make that a *large* fries"

It's time for players to help authorities!

Another crazy week goes by in the world of football and, of course, everyone was talking about two players who are no strangers to controversy in Ashley Cole and Wayne Rooney.

I wanted to talk about the Rooney incident with Wigan's James McCarthy, because it shows that refs can be stuck between a rock and a hard place. All refs want to be taking charge of the biggest games and while Mark Clattenburg has a lot of integrity, had he changed his mind about the Rooney "elbow" and allowed the FA to pursue it, he would've upset Man United, who could then have applied to have him not referee them again. So what transpired was Clattenburg saying he dealt with it in the game, saw no reason to add anything to it and Rooney was allowed to play in the game against Chelsea.

He scored of course, but I know one thing – we'd be hearing a lot more about it if that goal had proved to be a winner!

During that same game, it was also evident that despite Ashley Cole's problems he'd had after the bizarre shooting of the work experience kid at training, it hadn't affected his ability to concentrate on football.

I was completely bemused by the air rifle story. I've never in all my years heard of a player bringing a gun to training. Why on earth would he do it? And to point and fire at someone just because you think the gun isn't loaded really defied belief!

Time and again, we seem to have to keep talking about players doing stupid things. I think it's time they thought about their actions a bit more – that way, the powers that be wouldn't have to worry about the correct way to punish them!

"I was completely bemused by the air rifle story!"

RIP Dean Richards

"I was so sad to hear of the passing of Dean Richards, and just wanted to pay tribute to him here. He was at Bradford as a youngster when I was there, and you could tell he had class and would go far even then. He was a lovely bloke and he'll be sadly missed."

Kammy's Champions League Special!

BARCELONA VS ARSENAL (ARSENAL LEAD 2-1)
TUESDAY 8 MARCH, 7.45PM, SKY SPORTS 2/HD
"What a game this is going to be! Can Arsenal keep a clean sheet? I'm not convinced, but I do think they'll score, because this is Arsene Wenger's cup final, and if he sees them through, I think it'd be one of his greatest achievements. Nobody really knows what'll happen here, but I think it could go to extra-time, and then we're in for some heart-stopping stuff!" **KAMMY SAYS: 2-1**

SPURS VS AC MILAN (SPURS LEAD 1-0)
WEDNESDAY 9 MARCH, 7.45PM, ITV1/HD
"Harry Redknapp really knows what he's doing, and took the Spurs squad to Dubai last week for some warm-weather training ahead of their push for fourth place and the Champions League. Milan are a tired and ageing side for me, and it seems like Peter Crouch has been saving his best form just for Europe's biggest competition. It should be a fantastic night." **KAMMY SAYS: 2-0**

MAN UNITED VS MARSEILLE (0-0 FROM FIRST LEG)
TUESDAY 15 MARCH, 7.45PM, SKY SPORTS 2/HD
"I can't see any problems for United here. They may have played a cagey game over in France to come away with a draw, but with the crowd behind them and Wayne Rooney back among the goals, I can only predict a home win. I don't think the French are good enough to score at Old Trafford, and this could be a good chance for the Reds to kick on with their season." **KAMMY SAYS: 3-0**

CHELSEA VS COPENHAGEN (CHELSEA LEAD 2-0)
WEDNESDAY 16 MARCH, 7.45PM, ITV1/HD
"Chelsea are well and truly over their mid-season wobble, as the victory over Man United showed. Fernando Torres will have to score eventually, and he could well do it in this one, because I can't foresee too many problems for Chelsea here. While they're compact, I think Carlo Ancelotti's side will have far too much for them, and it'll be the same score as the first leg." **KAMMY SAYS: 2-0**

NUTS INVESTIGATION!

England vs Scotland Six Nations Special!

Who's going to win? *Nuts* investigates!

This year's Six Nations has been ace so far, and the game at Twickenham this weekend looks set to be a cracker, as Scotland head South looking to batter (not like that!) Johnno's England! We decided to test which country's likely to win, using key factors like diet and agility to deduce the outcome! Here are our findings!

FOOD! CURRY VS HAGGIS

No doubt the English will be tucking into their national dish of curry before kick-off, while the canny Scots will be snaffling haggis. And while we appreciate that not everyone orders girly kormas like us when they have a curry, we reckon you'd have to be pretty mental to munch on a load of offal and oats stuffed into a sheep's tummy, so we're giving this round to the Jocks!

WINNER: SCOTLAND!

DRINK! TEA VS WHISKY

A strong spirit's important to any winning team, so it's lucky for the Scottish boys that their national drink is one! Yup, the 40 per cent alcohol Highland tipple of whisky has much more poke about it than the traditional English cuppa. Having said that, it pays to remember that dipping your choccie Hob Nobs in whisky just doesn't work at all. Trust us, we've tried it!

WINNER: SCOTLAND!

Spurs launched their new-look kit

"It's got the match ball in, but I can't remember how to get it out!"

PASTIMES! MORRIS DANCING VS BAGPIPE PLAYING

It's pretty clear to us that England's Chris Ashton wouldn't be able to jink through opponent's defences if he wasn't fully au fait with the noble art of morris dancing. OK, so dressing up as a sinister, real ale-obsessed milkman is as wrong as it gets, but it's more energetic than standing round in a tartan skirt blowing air into an upset cat, so honours go to the English. Just!

WINNER: ENGLAND!

He was ready for his first day training with Chelsea

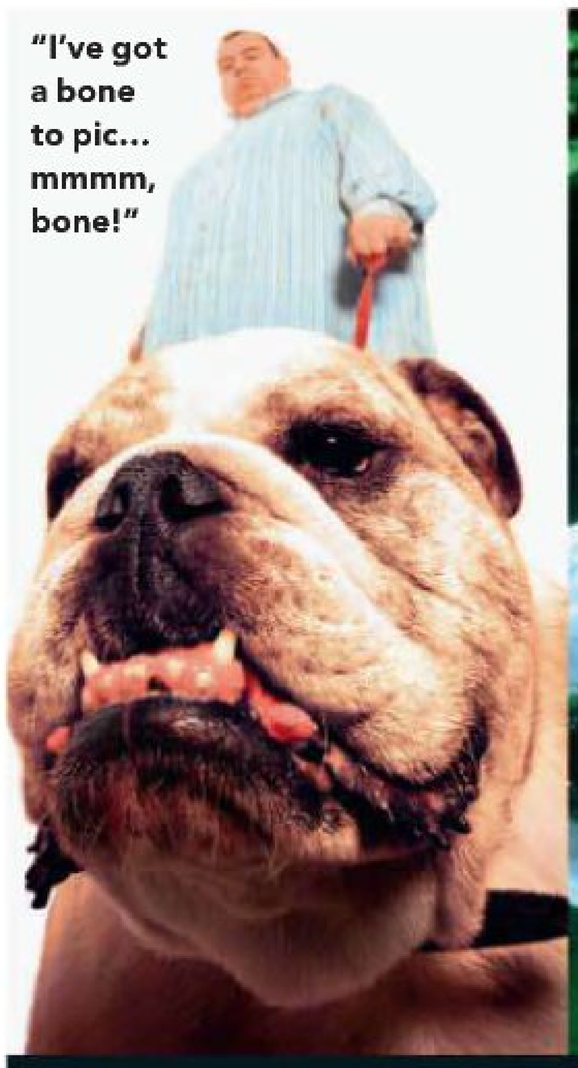

Nicola from Girls Aloud wasn't looking her best

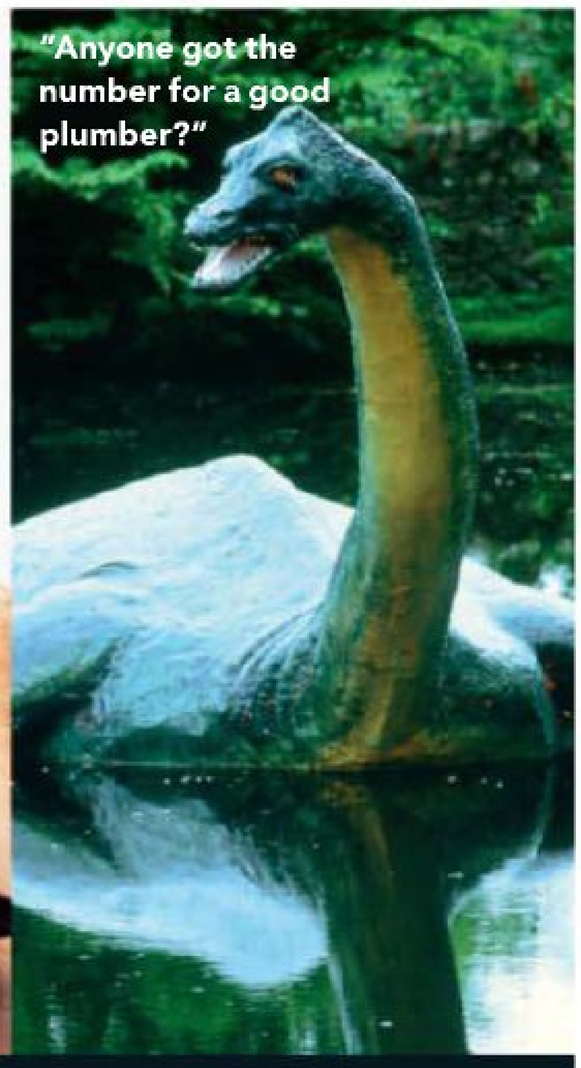

HEROES! JAMES BOND VS WILLIAM WALLACE

When it comes to inspiration for the game, both countries have real leaders to look to. Scottish hero William Wallace out of *Braveheart* pretty much single-handedly took on the English Army in the 12th century, and got his head chopped off for it! James Bond, though, has a gun, can kill people without getting in trouble, and is still alive, so England take this round!

WINNER: ENGLAND!

"I've got a bone to pic... mmmm, bone!"

"Anyone got the number for a good plumber?"

MASCOTS! BULLDOG VS LOCH NESS MONSTER

Both teams will be looking to their national mascots for a bit of luck on Sunday. And when it comes to those, the Scottish win hands down. Much as English bulldogs have teeth and look a bit scary when they're angry, the Loch Ness monster weighs about ten tonnes, which is easily enough to squash you. Plus it lives underwater, so you'd drown if you tried to fight it!

WINNER: SCOTLAND!

"Crouchy's having a bath again!"

"I know it's not raining much but I've just had my hair done!"

VERDICT: IT'S A DRAW!

We can't call it! Even through the use of the finest science available to us, they appear to be evenly matched. We'll have to watch to find out who wins!

WEATHER! QUITE RAINY VS REALLY RAINY

Rugby's a man's game, a game of endurance, and conditions will always play their part. With their notoriously harsh weather, you'd think the Jocks would take this round hands down, but the English have occasionally seen the sun, so they're likely to be a bit more adaptable. If the clouds part at Twickenham on Sunday, the Scots' skin will crackle and burn like a vampire at dawn!

WINNER: ENGLAND!

Nuts Poker School

This week: real-money vs play-money poker

There mightn't seem to be a huge difference between play-money poker and the real, hard cash version, but it's a different world once real dosh is at stake. We asked the newest member of Team PKR Pro, Scott Shelley, to share his expert knowledge on how to make the jump from play-money to real-money poker! Here's what he said...

1. Real or fake stuff?

So, what's the difference between the real stuff and the fake stuff? Real money's exactly what it says on the tin – proper, hard cash you can spend from buying trainers to paying rent, to trying to win big poker bucks. Play-money's worthless – it's like Monopoly money. No matter how many billion "dollars" you win, they aren't worth a penny.

2. Use play-money?

PKR's play-money tables are the perfect training ground to learn about the site and the game. If you're a winner on the play-money tables, you'll probably be in with a good shot at the real thing – but there are big differences between playing real and play-money games.

3. How does it change?

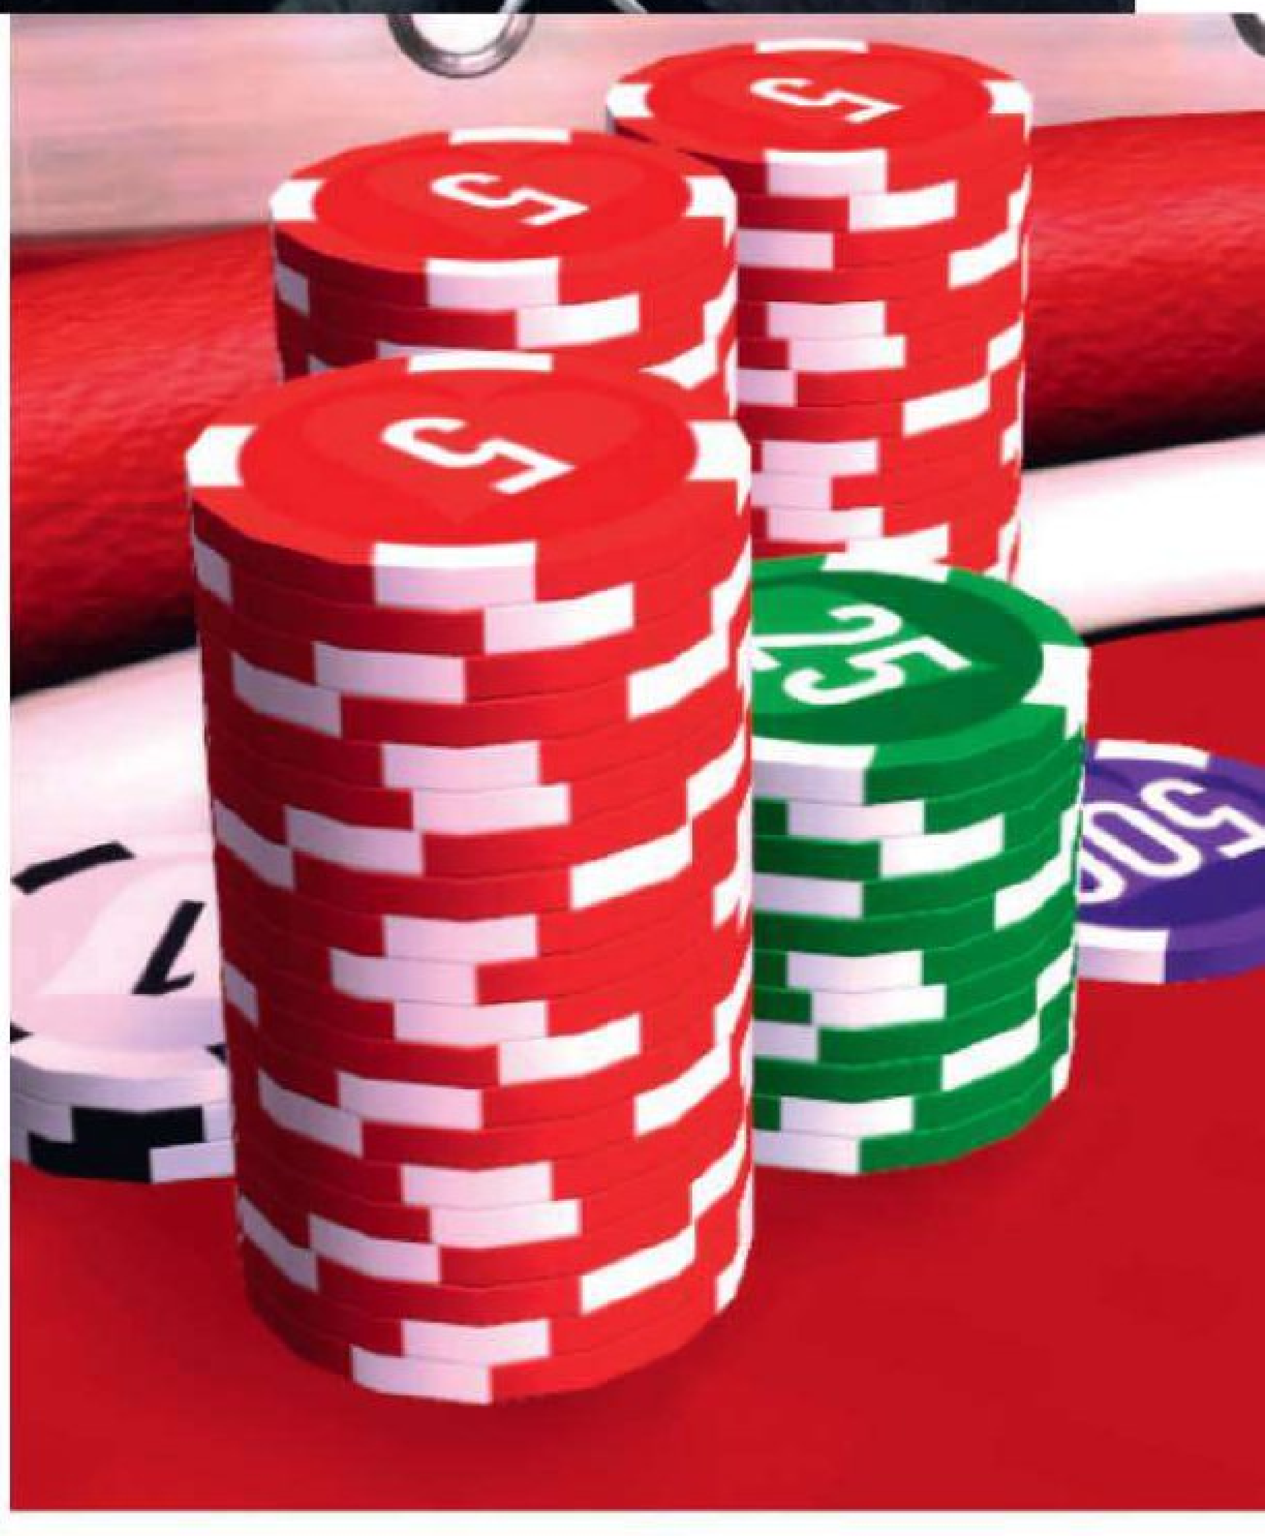

In play-money games, you can reload for free if you lose everything. With real cash, only play for stakes you can afford to lose. If it's your first time playing for real money, try out the beginner tables on PKR. These are restricted to players who deposited within the last 60 days, so you're more likely to be up against players of a similar level.

4. Tighten your game

Play-money's loose and crazy because many players gamble wildly instead of using skill to make decisions because they haven't got anything real to lose. It pays to tighten up in real-money. Stick to big pocket pairs and high hands like A-K to start, and don't get tempted to play poor hands just because it's "cheap". You want to build your bankroll, which takes time.

5. Take it seriously

Enjoy yourself when you're playing PKR but always play your best, even if it's for a few dollars. Even when winning small stakes, you'll enjoy the game more and become a better player, fast!

FULL-BUILDING DISPLAYS

Buildings will be coated with a light emitting skin that will generate displays for moving picture adverts. Face-scanning tech will recognise your approach and personalise the ad – from your expression, it'll know what mood you're in and tailor the advert accordingly!

VERTICAL TAKE-OFF AND LANDING CARS

But they won't be fun to drive. Taking off, landing and driving will all be automated, as the cars join streams of cars in automated skyways. So accidents will be unheard of! How will they know how wide and deep to make the skyways? The census will enable us to estimate.

FLEXIBLE DISPLAYS

This will be a paper-free office. Instead of paper we'll each have a single sheet of flexible, touch-sensitive, full-colour e-paper. Documents will be fired to it wirelessly!

HOLOGRAM CONFERENCING

The conference call is a thing of the past – we'll soon be happily video-conferencing around a virtual boardroom table! In fact, we already do it playing online poker right now!

STREAMING MEDIA

Corneal implants will stream media straight into your eyes, which will appear to hover in front of your face. This will go opaque in the blink of any eye, if you need to see the boring old real world past your movie.

What the hell is it?

The census is a set of questions that spoddy types ask the people of Britain every ten years. They want to know stuff like where you live and how many live in your house, which helps the government plan schools, resources and so on. All answers are confidential, so if you want to put your details down as "Michelle Saunders, school disco, aged 14", that's your beef, but it's not very helpful.

LADIES CONFESS!

100% REAL STORIES!

TO OUR SECRETARY!

CONFESSION OF THE WEEK!

'I received oral in the shower'

Recently, a young couple moved in next door to me and after speaking to them a few times, I'd noticed how friendly and flirty they were with me, either on their own or when they're together. So, when they told me they ran a gym and offered me training sessions there, I readily accepted. The session was brilliant – he put me through my paces while she chatted to other gym members. After my training, she led me back to the changing rooms, and I jumped into the shower. I was enjoying my well-earned rinse when I felt a hand caressing my breast and another body pressing gently against my back. I gasped in pleasure and instantly knew who my surprise guests were. I could feel his erection pressing against me and her soft hand between my legs. She ended up giving me oral while I did the same to her man. It was the most satisfying workout I've ever had!

Tracey, Newcastle

'We had sex on the dancefloor'

On a night out recently, my boyfriend and I were in a club and had worked our way through the cocktail menu. It was getting close to the end of the evening and, being merry, we started to let our hands wander across each other. We were on the edge of the dancefloor kissing when I leant against a huge pillar and decided to pull him close to me. At that, his hand went up my skirt and he began playing with me until I whispered for him to stop. I was so turned on by this point that it didn't occur to me that anyone else would be able to tell what we were up to. The next thing I knew, he was pressed right up against me and had unzipped himself. We had full sex there and then with people dancing around us. Nobody said a word, even though I'm sure we had an audience and, incredibly, we didn't get thrown out, either!

Vee, Lancashire

'I began to feel very horny'

It was really quiet at work the other day, so I went to the staff room to read some magazines. Among the pile, I discovered my manager's copy of *Nuts*. Skipping past the boobs and sport pages, I discovered the Ladies Confess page and, after reading a few lines, I began to feel very horny and had a sudden urge to pleasure myself, so I slipped my hand down my trousers and started rubbing myself. After about five minutes, I was in heaven and so turned on that I squealed in delight as I came. Just as I did, a voice called out and a little old lady poked her head round the door. She came in and gave me leaflets about Jehovah's Witnesses and asked if I could leave them for clients to have a look at. I was red-faced, to say the least!

Anon, Watford

'I dressed up as a secretary'

My boyfriend recently returned from a tour of Afghanistan, so we've been catching up in every department. He told me that while he was away, he regularly fantasised about me dressed as a saucy secretary so, one night, I decided to give him a special treat and fulfil his desires. When he walked through the door, he found me kitted out in a short skirt and suspenders, my cleavage straining against my blouse, and a pair of glasses balanced on my nose. When he came towards me, I pushed him onto the sofa, pulled his trousers down and took him in my mouth, licking and sucking his whole length until he couldn't take it any longer. Then he bent me over our coffee table and took me roughly from behind. I could tell he was really into it because he kept telling me I was a good worker and how grateful a boss he was. It was the horniest night of my life and I can't wait to dress up for him again!

Nuts REVIEWS

GAMES!

Florence & The Machine feature on *Dragon Age 2*'s soundtrack

DRAGON AGE 2
PC, PS3, XBOX 360

On the surface, this is an impossibly nerdy role-playing game involving swords, magic and dragons, but it's actually a pretty accessible and fun action-adventure. This epic, new story spans ten years of narrative in a deep, arching storyline but there's still plenty of swords rammed into guts, for all those fans of ramming swords into guts. ★★★★★

PIXELJUNK SHOOTER 2
PLAYSTATION NETWORK

Puzzle adventure sequel sees you and your ship stranded in a worm's stomach, trying to save miners (and not die) with new craft, new tools, new challenges and now co-op! ★★★

GRAY MATTER
PC, XBOX 360

Mystery adventure game with you as a magician trying to break into a secret society and piece together what happened to your dead missus. Good story, dodgy controls. ★★★

APPS!

MY TAPTU
IPHONE, IPOD TOUCH, IPAD

Ace-looking app that keeps all the newsfeeds you care about in one place, be they sport, music, your pals – pretty much anything, actually! ★★★★

WHERE TO?
IPHONE, IPOD TOUCH, IPAD

All dressed up with nowhere to go? Get this then, which tells you where all sorts of cool stuff is in your local area, from the best cafés to karaoke bars! ★★★★

DVDS/BLU-RAY!

Last year, the franchise won a place in the record books as the Most Successful Horror Movie Series

SAW 1-7: THE FINAL CUT EDITION
CERT 18 DVD

All seven films from the now legendary horror franchise. With the shocking original, the decidedly hit-and-miss ones that followed, and the gruesome finale, the blood-spattering antics of Jigsaw and co are all here, housed in a decidedly nifty lenticular case, no less! Er, it means the image on the front changes as you tilt it in your hands. Brilliant! ★★★★★

BURN NOTICE: SEASON 3
CERT 15 DVD

All 16 episodes from the third series of the spy drama starring Jeffrey Donovan and – brilliantly – Bruce Campbell! ★★★★

PRIMAL
CERT 18 DVD & BLU-RAY

Aussie horror about youngsters who find some nasty things while they're caving. Scores highly on both gore and totty scales. ★★★★

MAD DOGS
CERT 18 DVD & BLU-RAY

Sky1's slick, sinister drama comes to DVD. Four guys visit a pal in Majorca, but when he gets killed, things get very complicated! ★★★

MUSIC!

ELBOW
BUILD A ROCKET BOYS!

Album of the year, possibly the decade! More of the soaring, epic hits that win the Mancunians so many awards. ★★★★★

RAEKWON
SHAOLIN VS WU TANG

Star-stuffed (Method Man! Estelle! Nas! Lloyd Banks! Busta Rhymes! GZA! Jim Jones!) return to towering form. ★★★★

HALL PASS CERT 15

Original kings of gross-out, the Farrelly brothers (*Dumb And Dumber*) are back on top, gag-cracking form with the tale of two chaps given "time off" from marriage. Despite a licence to get laid, it all goes a bit awry. Owen Wilson and soon-to-be huge Jason Sudeikis – "My c*ck just passed away. I was wondering if I could bury it inside you?" – come up against mad milfs and naked jocks on a quest for good lovin'. Laugh it up! ★★★★

BATTLE LOS ANGELES CERT 12A

Michelle Rodriguez and Aaron Eckhart lock and load as their platoon face an alien invasion in LA. Only in America! ★★★★

FAIR GAME CERT 12

Solid thriller from the makers of *The Bourne Identity* in which CIA agent Naomi Watts discovers there are no WMDs in Iraq. ★★★

WHO'S ON YOUR HALL PASS?

Spotting the hotties with new comedy *Hall Pass*!

Here at *Nuts*, we start feeling all funny when girls try talking to us about commitment. It's not that we're unfaithful types – frankly, we're more unaware than debonair – but something about the thought of settling down makes us go all sweaty and start talking bobbins until one of us changes the subject.

So, we could more than relate to ace new comedy *Hall Pass*! It stars Owen Wilson and Jason Sudeikis as best pals whose ongoing restlessness at home sees their wives grant them a hall pass – a week off marriage to do whatever they want to, including meeting new women! In other words, it's one whole week with absolutely no rules!

The film's directed by the Farrelly brothers – the guys behind *Dumb & Dumber* and *There's Something About Mary* – and also stars the co-creator of *The Office*, Stephen Merchant, as the pals' hilariously geeky mate! Brilliant stuff!

Actually, this whole "one week, no rules" idea is so great, it's had us thinking about what else we'd use a hall pass for.

A road trip with our pals in a hired Aston Martin would be ace, while an access-all-areas pass to a Victoria's Secret fashion show wouldn't go amiss! We'd quite fancy a cheeky jaunt to Vegas, too – purely to see the sights, of course! Actually, any chance of a hall pass stretching to two weeks? No? Ah well – if you don't ask, you don't get!

There are strange goings on around this planet of ours

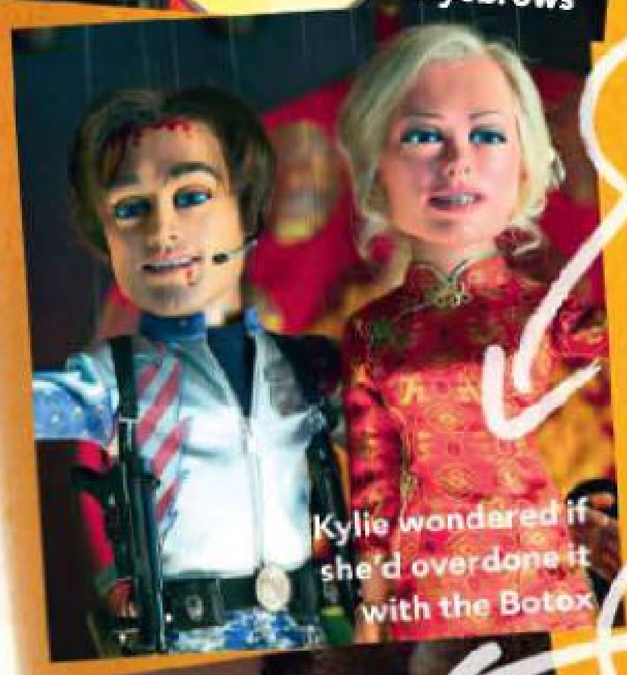

In 2010, Ferrari delivered 6,573 cars to dealers, a new record for the highest number of Ferraris sold in a year.

In 2005, the Fence Gate Inn in Burnley created a steak and mushroom pie costing £8,195. It contained £2,000 worth of rare Chinese mushrooms and was topped with gold leaf.

The Amplicom TLC 200 alarm clock, which went on sale recently, has a 90-decibel wake-up tone – about as loud as a lorry speeding on a motorway.

Doctors can grow new skin for burns victims using leftover foreskins from baby circumcisions. One youngster's foreskin can produce 16,000 square metres of skin!

Agalmatophiliacs are people who are sexually attracted to statues, dolls and showroom dummies.

There are three places called "Anus" in the world – one in the Philippines, one in Indonesia and a village in France.

Mike Tyson is set to appear on Animal Planet in *Taking On Tyson*, a reality TV show about his love of competitive pigeon racing.

A website paid £44,000 this year for a bong used by singer Miley Cyrus.

The last words of whiskey-maker Jack Daniel were "One last drink, please."

If you order a "sundae" in Korea, you will receive a dish made of steamed pig intestines stuffed with pig blood, barley and glass noodles.

PUB AMMO ON... BATTLE: LOS ANGELES

- The film's inspired by a real incident in the Second World War, when US forces fired repeatedly on unidentified objects flying over LA in February 1942.
- The film comes out on 11 March – 03/11 in the US style of date abbreviation – because 0311 is the code that identifies Marine Corps riflemen.
- Most of the film was shot on Los Angeles street sets specially rebuilt in the cheaper state of Louisiana.
- Michelle Rodriguez, who plays Sergeant Elana Santos, has been to jail four times.
- *Battle: Los Angeles* is on general cinematic release on Friday.
